## GENUINE VITON® *O-ring & Seal* *High Performance and Reliability*

**D**eveloping and manufacturing high performance O-rings & various seals under license from DuPont Performance Elastomers.

### Line up

#### ■ Viton® for Plasma & Chemical Application

- 70% Fluorine (Material No.PR4656)
- Excellent plasma resistance (O<sub>2</sub> , Halogen)
- Extremely low compression Set
- Low adhesion

#### ■ Viton® for High Vacuum Applications

- Brown Viton® (Material No. PR4654)
- Green Viton® (Material No.PR4672)
- Excellent high vacuum seal performance
- Ultra low compression set
- Colors meet US & EU standards

Viton is trademark of DuPont Performance Elastomers.
