Metal O-rings

For Ultra-High Vacuum applications

Super-Polished Metal O-rings

Super smooth surface without any plating or coating

- ex. Ultra Clean Mass Flow Controllers

Super Clean

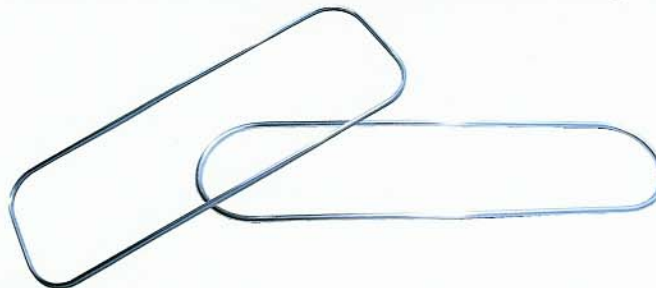

Used in the latest mass flow controller, Model Z500 by **HORIBA STEC**.

Non-Circular Metal O-rings

Race-Track or any other required shape

- For Semiconductor Manufacturing Equipment

- **Materials** : SUS321, SUS316L, Inconel 600, etc
- **Finishing** : Plating (Ag, Ni, Au, In, etc.), PTFE coating, Super-Polishing, etc.
- **Shapes** : Circular, Non-Circular
- **Dimension** : Diameters from 6.3mm to 2,000mm
